LICENSED FOR CIVIL CEREMONIES AND PARTNERSHIPS

Nowhere surpasses the riverside views of the Little Ship Club at a Thames waterfront wedding. Home of the world renowned Little Ship Club of the City of London, you will find this contemporary nautical venue next to Southwark Bridge.

Your family will love the relaxed atmosphere created by the Chesterfield sofas, calm colour schemes, plentiful daylight and the easy flow of the river.

You can invite up to 250 reception guests or seat 120 in this secluded spot, then throw open the doors and romance the night away on the dance floor.

The frosted glass River Room is ideal for final bridal refinements.

You can even 'anchor' yourself overnight in the Cabins, although don't be surprised to discover berths rather than beds!

We had the best time ever at our wedding on Saturday and that was all down to Didier and his team for making our reception just perfect. From the service when we all arrived, to the table layout, the food, drinks - everything! They were all outstanding.

So thank you very much for recommending The Little Ship Club - everyone at the reception commented on how amazing the place was and what a fantastic location on the Thames. It was fab.
